<b>Identification of substan</b>	ce		
Trade name:	SPRUCE HUNTER GREEN ENAMEL		
Product code:			
Manufacturer/Supplier:	SEYMOUR OF SYCAMORE	ETITUR	
Manufacturer/Supplier:	917 Crosby Avenue		
	Sycamore, IL 60178		
	(815)-895-9101, www.seymourpaint.com		
Information department:	Health & Safety Department		
Emergency information:	CHEMTEL 1-800-255-3924, 813-248-0585 if located outside the	U.S.	
Composition/Data on co			
Chemical Description:	This product is a mixture of the substances listed below with nonha	azardous additions.	
Dangerous components: 67-64-1 acetone		<b>K</b> Xi, <b>K</b> F; R 11-36-66-67	21.049
74-98-6 propane		к F+; R 12	18.9%
64742-89-8 VM&P Naptha		R Xn; R 20/22	14.32
106-97-8 n-butane		<b>R</b> F+; R 12	11.19
108-88-3 toluene		K Xn, K F; R 11-20	10.88
64742-47-8 Mineral Spirits		K Xn, K F; R 11-65	3.92%
67-63-0 isopropyl alcoh	ol	K Xi, K F; R 11-36-67	2.46%
7727-43-7 barium sulphate		K Xi; R 37	1.96%
Additional information:	For the wording of the listed risk phrases refer to section 3.	K III, ICO	11207
	R 12 Extremely flammable.

Totecuve equipment.	A respiratory protective device may be necessary.
6 Accidental release meas	ures
Personal safety precautions:	Wear protective equipment. Keep unprotected persons away.
Environmental safety precautions:	Do not allow product to reach sewage systems or ground water. Inform appropriate authorities in case of seepage into water course or sewage system.
Measures for cleaning/ collecting:	Do not flush with water or aqueous cleansing agents. Use diluted caustic solution. Soak up spills wit inert absorbent material. Refer to section 13 for disposal information.
7 Handling and stars as	
7 Handling and storage Fire/explosion protection:	Do not spray on a naked flame or any incandescent material.
Storage requirements:	Do not smoke. Protect from electrostatic charges. Observe pressurized container storage regulations. Consult with your local authorities. Keep away from sources of heat and direct sunlight. Do not warehouse in subfreezing conditions.
8 Exposure controls and p	personal protection.

Protective gloves. The glove material has to be impermeable and resistant to the substance. No glove
recommendation can be given.
Tightly sealed goggles

#### 9 Physical and chemical properties:

General Information:	
Form: Color: Odor: Boiling point/Boiling range:	Aerosol According to trade name description in section 1. Solvent -44°C (-47°F)
Flash point:	-19°C (-2°F)
Ignition temperature:	365.0°C (689°F)
Auto igniting:	Product is not self-igniting.
Danger of explosion: Lower Explosion Limit: Upper Explosion Limit: Vapor Pressure:	Stable at normal temperatures. Can may burst when exposed to temperatures exceeding 120 degrees fahrenheit. In use, may form flammable/explosive vapour-air mixture. 0.9 Vol % 13.0 Vol % 40 PSI, 2750 hPa
Density: Specific Gravity:	Not determined. Between 0.77 and 0.90 (Water equals 1.00)
VOC content: VOC in weight percent (less acetone	0.63 kg/l / 5.23 lb/gl e): 62.6 %
Solids content:	16.5 %

## **10 Stability and reactivity: Conditions to be avoided:** Do not allow the can to exceed 120 degrees Fahrenheit. Stable at normal temperatures. **Possibility of Hazardous** No dangerous reactions known. **Reactions:**

11 Toxicological information	on:
Primary effect on the skin: Primary effect on the eye: Sensitization: Additional toxicological	
information:	Harmful
12 Ecological information	
Other information:	This product does not contain any chloroflourocarbons (cfc's), chlorinated solvents, or lead. No specific
	ecological data is available for this product.
Acquatic toxicity:	Harmful to aquatic organisms. Hazardous for water, do not empty into drains.
13 Disposal considerations DISPOSAL METHOD: Dis Partially empty cans cannot b Recommendation:	spose of in accordance with local, state, and federal regulations. Do not puncture, incinerate, or compact. be disposed of with regular trash. Do not heat or cut empty containers with electric or gas torches. Empty cans should be recycled.
14 Transport information:	
Hazard class: Identification number: Label	2.1 N/A 2.1
ADR/RID class: UN-Number:	2 5F Gases 1950
IMDG Class:	2.1
Packaging group:	II
